*Effective Mar 2014*
Resources for Students

Each student will be assigned an **Academic Advisor** who will track him/her until graduation. The advisor will monitor progress, provide support and make recommendations. Students should contact their advisor for questions regarding mapping out their degree progression, which courses to take, prerequisites and any other questions regarding course selection and determining course load.

Students can access **Web Services** with the student id and password that they use to access their class. Web Services can provide them with receipts, transcript info, grades, and a good deal more information. Web services can be accessed via the Saint Joseph’s College web site at 

[https://ccweb.sjcme.edu/cafeweb/login](https://ccweb.sjcme.edu/cafeweb/login)
On-Campus Offerings

- Optional summer residency that provides the opportunity to accelerate one’s degree

- Symposia in the areas of Health Care and Education that qualify for credits or professional development requirements

- CEU’s in areas, such as Accountancy, offering professional development opportunities
The Campus
What Makes Saint Joseph’s College Unique?

• Saint Joseph’s College offers true academic support to students. Some of our advisors have been supporting students for over 20 years and others well over a decade.

• We are a non-profit school that was founded in 1912 and began providing distance education in 1976 as a way to promote the Mercy mission of education.

• Our faculty are experienced in their respective fields and, like our advisors, many have taught in our online division for numerous years.

• Our support staff and faculty meet regularly on campus to collaborate on the most effective methods for delivering a quality education that is both affordable and flexible. Our staff understands the challenges of adult learners and supports the whole person in his or her academic endeavors.
