A Message from Catholic Volunteer Network

For 60 years, Catholic Volunteer Network has been the leading network of Christian volunteer and mission programs. For many of those years, RESPONSE has been a cornerstone of our work and a valuable resource for inviting hundreds of thousands of volunteers to engage in faith-based service.

We are proud of this legacy and it gives us great joy to build upon it with this special “Legacy Edition” of RESPONSE. This final printed issue of this formative resource represents an exciting transition to more robust online strategies for sharing about faith-based service. We recognize that growing and enhancing our digital tools and multimedia resources can help us expand knowledge of faith-based service in new ways. We understand that using new formats and platforms will help you and many others better access volunteer opportunities.

What remains unchanged, however, is that spending time with RESPONSE can nurture spiritual questions about serving. It can be a practical tool for exploring “what can I do?” and “who am I becoming?” The world needs people who are asking those questions to step into new spaces with God. Faith-based service is a response to that soft nudge or a powerful force that compels you to act in new ways. That response can transform you in surprising ways.

But service is not just about your offering. As you commit to a service experience, you will be changed by others. You will realize the depth and breadth of each conversation you enter. To trust that process will help you gain an understanding of transformation that happens with openness to God’s invitations to community and relationship.

We pray you will experience RESPONSE as a space of invitation, relationship, and discernment. We also hope you will explore the Catholic Volunteer Network search program tool on our website. There you will find the most updated listings of our programs and can perform searches based on your unique interests and requirements.

As you explore, may you have fruitful conversations with programs offering opportunities to serve, learn, and grow. May you truly understand all that is offered. May you trust how you can be part of the change and transformation our world needs.

We are excited to share this step into the future and look forward to promoting service more creatively in the digital age.

Thank you for being part of the legacy of faith-based service.

About Catholic Volunteer Network

Catholic Volunteer Network is a national membership organization of Christian volunteer and mission programs that fosters and promotes full-time domestic and international service opportunities for people of all backgrounds, ages, and skills. Through community living, shared prayer, and ongoing reflection, CVN programs help volunteers develop lifelong leadership skills while also engaging in direct service to those in need.

Established in 1963, Catholic Volunteer Network has fostered the formation of hundreds of volunteer and mission programs, helped thousands to experience personal transformation, and impacted millions around the world. In the past year alone, CVN supported volunteers in 45 states and 109 countries serving in a variety of full-time, year-long, short-term, and mission settings. Together, they made an impact on the lives of nearly 3 million people through service in education, social work, health care, sustainable farming initiatives, prison ministry, support for the homeless, and much more.

¿Quiénes somos?

Catholic Volunteer Network (la Red de Voluntarios Católicos, por sus siglas en inglés) es una organización nacional de voluntarios cristianos y programas de misión que fomenta y promueve las oportunidades de servicio de tiempo completo, nacionales e internacionales, entre personas de todas las edades, con cualquier tipo de antecedentes y habilidades.

Empezar la búsqueda

Con la nueva sección en español en nuestra página web, ahora es más fácil buscar programas, crear perfiles de voluntario y encontrar respuestas a las preguntas frecuentes sobre el voluntariado. Nosotros ofrecemos oportunidades de servicio en 48 estados de los Estados Unidos, el Distrito de Columbia, y en 101 países diferentes, con trabajos en casi todas las categorías imaginables.

A ver, ¿cómo puedo decir entre tantas oportunidades?

- Los índices en las páginas 62–92 clasifican los programas de acuerdo con el tipo de trabajo, el tiempo y la ubicación. Estos índices le ayudarán a concentrarse en los programas que ofrecen las oportunidades que más le puedan interesar.
- De manera similar, Ud. puede buscar oportunidades a través de nuestro directorio en línea. Simplemente visite catholicvolunteernetwork.org.
- También puede llenar un Perfil de Voluntario en línea. Su perfil tendrá su información básica como su nombre, sus intereses y los tipos de trabajo que le gustaría dedicarse. Cuando publique su perfil, los programas de la Red podrán verlo y comunicarse con Ud. Puede llenar su perfil visitando catholicvolunteernetwork.org.

**La Red de Voluntarios Católicos no es responsable de la estructura interna de cualquier programa listado en este directorio.*

¿Ahora qué?

La decisión de ser un voluntario de tiempo completo en un ambiente de fe es muy importante porque le cambiará la vida. Después de pensar si el servicio es adecuado para Ud. y de explorar este directorio, es posible seleccionar varios programas y ponerse en contacto directamente con ellos. Por favor, tenga en cuenta que podría tomar un par de meses para completar totalmente el proceso de solicitud. Si desea ser un voluntario de forma más inmediata, por favor visite la sección de Oportunidades Urgentes en nuestra página web.

Programas de Misión

Los programas en esta sección buscan especialmente a voluntarios de habla hispana. Si Ud. quiere ser voluntario y su lengua materna es el español, tenemos una oportunidad para Ud. También hay más programas de voluntariado en nuestro directorio RESPONSE, y algunos de estos programas buscan voluntarios con conocimiento fluido del español. Voluntarios que provienen fuera de los Estados Unidos posiblemente tendrán que gestionar sus propias visas en su país de origen. Encuentre más información sobre estos programas en inglés en este directorio (en orden alfabético) o en español visitando nuestra página catholicvolunteernetwork.org/en-espanol.

The Story Behind Our Cover Photo

Our cover photo features St. Joseph Worker, Cindy Emenalo, as she waters the spring garden at her community house, where she lives in intentional community with other Workers. At St. Joseph Worker of Orange, Workers respond to the needs of the time by working in their community and living by four core values of Spirituality, Community/Simplicity, Leadership, and Justice. Led by the Sisters of St. Joseph of Orange and their Laudato Si' seven goal action plan, Cindy and her fellow community answered the call of ecological and social justice by challenging themselves to live sustainably and be socially responsible. Inspired by the action plan's focus on water sustainability and practicing stewardship, St. Joseph Workers created two projects. One was to cultivate a spring garden. The other was to launch a Multicultural Mission Project. Cindy was instrumental in the Multicultural Mission Project and in helping to cultivate the

garden where she learned how to tend to the garden, grow spring vegetables and herbs like basil, sage, and thyme and harvest the crops, like oranges, papayas, and guavas.

As Cindy shared:

The Multicultural Mission project (a webinar series I created focused on education and awareness of various cultural racial issues in the community) arose out of a series of conversations that I had with one of my fellow SJWs. We deeply discussed the tragic series of events in 2020* and the need for diversity, equity, and inclusion. From there we decided that we wanted to create a platform to allow leaders from different cultural groups to speak about the social justice issues that affect their communities. From this came impactful stories, new connections between communities and organizations, and greater awareness about how injustice affects the dear neighbor. For me, this did not connect at first with the work I did for the SJWP Garden Project. Each day, as I watered the plants, they grew larger and stronger. One day I looked out and saw a diverse ecosystem of flora blossoming amongst each other. I realized that just as I watered seeds of kale, tomatoes, and sunflowers in the garden, I also watered the seeds of community through the Multicultural Mission. The greatest lesson I learned is that it is necessary to continue tending our gardens and protecting our Earth in order to maintain the beautiful biodiversity, just as we need to continue having important conversations and creating opportunities for communities that have been historically underserved. I always think of the quote: "Love thy neighbor as thy self", because after all, we all belong to one another.

Cindy Emenalo, St. Joseph Worker 2021–2022

** Following the 2020 police murder of Minneapolis man George Floyd, many programs within Catholic Volunteer Network dove into a deeper learning about anti-racism, making commitments to honoring Black lives through exploring ways to center service in racial justice, inclusion, and equity.*

Narrow down your options

Now that you've considered all your options, it's time to narrow it down to your top programs. Our member programs' application processes typically have several different stages spread out over a few months. We recommend keeping track of all the deadlines in a planner or your phone to ensure you don't miss any important steps. Also, since each application process is different, we recommend applying to two, maybe three programs. If at some point during the application process you decide that a program isn't quite right for you, be sure to share that with the program staff person you've been in touch with. They may even be able to help you identify a different program that is a better fit.

Want to talk?

We know that the process of identifying a volunteer program and making the jump into service can be daunting, and we want you to know that we are here to help! Please reach out to connect with a CVN staff person who will be happy to answer your questions and help you in your discernment process. Email us at info@catholicvolunteernetwork.org.

A Simple House of Sts. Francis and Alphonsus

202-678-5898

✉ asimplehousererecruiting@gmail.com

🌐 asimplehouse.org

GOAL OF PROGRAM: A Simple House missionaries live radically Christian lives in voluntary poverty and in service to the poor. Our missionaries go out in pairs to the poorest neighborhoods of our cities to meet the poor in their own homes and homeless camps. Friendship evangelization is the method we use to spread the Gospel. Our missionaries bring the Good News to the poor in new and creative ways. We help the poor carry their burdens and accompany them in their efforts to improve their lives and grow closer to Christ. Missionaries manage a monthly budget of a few thousand dollars and decide how the money will be used to serve the poor. The core of the ministry is love and friendship. A Simple House is a place to respond to the biblical call to give to the poor and follow Jesus. Our missionaries are given the special opportunity to radically dedicate themselves to spiritual growth while living in community with others trying to do the same.

TYPE OF PLACEMENT: Missionary: Missionaries are commissioned by Christ to go out to the poor and share the Gospel. Our missionaries do not just feed the poor. They eat with the poor. Missionaries do not just visit poor neighborhoods. They live in poor neighborhoods and visit the poor in their own living rooms and homeless camps. The poor are our friends and neighbors. Each person is met, listened to, and loved. We strive to meet the spiritual and material needs of the lonely and outcast of the inner-city in the context of a unique friendship. Missionaries live a simple lifestyle in community without Wi-Fi, television, or air-conditioning. Other forms of distraction are limited to allow missionaries to concentrate on prayer, Scripture, and fellowship. Silence

is observed in the houses until 9:20 am to allow for personal prayer. Missionaries attend daily Mass and pray morning and evening prayer from Liturgy of the Hours. Missionaries are challenged to grow in holiness and continue to pursue a deeper personal faith.

SERVICE AREA: Washington, DC and Kansas City, MO.

SERVICE LENGTH: Missionaries make an initial commitment of 10 months (August 1 through May 31). Approximately half of our missionaries stay for a second year or more.

Volunteers supplement the work, but do not take jobs from the local community. Volunteers fall in love with our amazing children, create life-long relationships, develop spiritually, come to know themselves and God more deeply, and have a lasting impact on our family. Our mission is to be Friends of Jesus and, therefore, to imitate the behavior and attitude of Jesus Christ for the children. We aspire toward self-sustainability. We believe we are also disciples of these children and are transformed by the presence of Jesus in the children. Apart from time spent with those in their neighborhoods, volunteers also regularly visit places of great distress such as jails, orphanages, and hospitals.
